

re Indiana's No-Call Law.

Please DO NOT in any way weaken the current Indiana No-Call law, and specifically with regards to the bank in the CBA group. These banks notoriously sell/share customer information, so the outcome of any support for the CBA position will be nearly unfettered calling by many companies. Indiana residents DO NOT WANT UNSOLICITED PHONE CALLS. Our phone numbers/lines are paid for by private individuals for private use. They are not public.

Thank you.

Regards.
